CURRENT POSITION

- Assistant Professor of neurology (2012-present)
- MS researcher, University faculty member and MS fellowship in Hamadan University of medical sciences in the west of Iran.
- Head of the MS Association of Hamadan province in the west of Iran.
- Consultant neurologist in patients with multiple sclerosis and autoimmune neurological disorders in western Iran.
- The head of the department and clinic related to multiple sclerosis patients: (NOV 28, 2022 to present).

AREAS OF RESEARCH INTERESTS

- Effect of crocin as a new natural medication without complications in the treatment of Multiple Sclerosis.
- Effect of pregnancy and exclusive breastfeeding as a natural treatment without complications in patients with Multiple Sclerosis.
- Investigating the influencing factors on mortality and morbidity of patients with cerebral sinus thrombosis.
- Identification and use of antioxidant agents in reducing the side effects of medication used in the treatment of Multiple Sclerosis.

EDUCATION

- postgraduate medical course(fellowship) SEP 2017-SEP 2018
Tehran University of Medical Sciences, Tehran, Iran
- Medical specialized diploma(Neurology) SEP 2005-SEP 2009
Ahvaz Jundishapur University of Medical Sciences, Ahvaz, Iran
Thesis of specialized medical course:
Comparing the effect of Cinnovex with Avonex on patients with multiple sclerosis
- **Medical doctorate degree (General medicine)** SEP 1994-APR 2002
Hamadan University of Medical Sciences

Memberships and Responsibilities

- 2018-present :Main member of International Consortium of Cerebral Sinus Thrombosis located in Amsterdam, Netherlands (ICVTC)
- 2009-Present : Iranian Neurological Association
- 2002 – Present: The Iranian Medical Organization
- 2021-present: Head of the MS Association of Hamadan province in the west of Iran.
- 2022-present: Head of the Department of Autoimmune Neurological Diseases and Multiple sclerosis.
- 2012-present :Assistant Professor of neurology, faculty member and MS fellowship in Hamadan University of medical sciences in the west of Iran
- 2018-present: Neurologist consultant in patients with multiple sclerosis and autoimmune neurological disorders in western Iran.
- 2015-2017: Head of neurology department of Sina hospital in Hamadan.
- 2015-2020: Member of the General Practitioners Training Committee.
- 2016-2020: Responsible for clinical qualifications of general practitioners.
- 2017-2020: Education secretary and designer of questions for residents of western Iran

Background and work experience

- Group collaboration with other universities in different countries and scientific centers in research and publishing articles in various fields of neurology.
- More than twelve years' experience as a neurologist and Experience of treating patients in different areas of neurology, especially in the case of Multiple sclerosis and autoimmune disorders. (2009-present)
- Five years of work experience as a MS and autoimmune disorders Fellowship.(2018-present)

- Twelve years of teaching experience for medical students, interns and neurology residents .(2009-present)
- Supervision of more than 50 Medical Students' thesis about various topics in neurology.
- Supervision of more than 10 Residency Thesis about Various topics in neurology.
- Judging and consulting more than 20 medical articles and thesis in various fields of neurology.
- Treatment, management and follow-up of more than 4500 patients with Multiple Sclerosis.
- Treatment, management and follow-up of more than 100 patients with NMOSD.
- The chosen doctor of 2022 in the National Doctor's Day Conference. Iran
- Top researcher of clinical sciences by Hamadan University of Medical Sciences (2021).
- Top researcher of clinical sciences by Hamadan University of Medical Sciences (2022).
- 1st Rank in the Multiple Sclerosis Fellowship national exam.(2016)
- Secretary of Congress and responsible for several conferences on multiple sclerosis and autoimmune disorders.
- Several international and local lectures on multiple sclerosis, autoimmune disorders and stroke.
- Presentation of posters in various fields of neurology at domestic and foreign congresses including ECTRIMS.
- History of attending annual congresses including ECTRIMS, PACTRIMS, MENACTRIMS, EAN congress.
- Holding dozens of lectures and webinars for neurologists about MS and autoimmune disorders in order to improve their knowledge and update their information in this regard.
- Helping to raise public health awareness by providing more than a dozen training programs on medical and health advice in the mass media, including radio and television.

Books and pamphlets

- Compilation and publication of a book entitled: How to care for critically ill patients at home.
- Compilation and publication of a book entitled: Caring for stroke patients at home.
- pamphlets :What MS patients need to know about multiple sclerosis
